

Quality Policy

Lithos is committed to:

- Meeting the needs of our clients by providing high quality commercial, pragmatic and robust advice in clear and concise technical reports.
- Working with our suppliers and customers to establish and maintain the highest quality standards.
- Promoting an ethos of continual quality improvement, a culture of support and the philosophy of getting things “right first time” through setting SMART objectives and targets.
- Enhancing the skills of all employees from Board level down, through review and on-going training.
- Completing site work in accordance with the highest levels of health and safety. Rigorously controlling and continuously monitoring our work to the agreed programme.
- Operating the business in accordance with the systems required by ISO 9001: 2015.
- Promoting quality management systems and ensuring implementation is achieved by internal auditing, management review and action.
- Reviewing this policy statement at least annually and revising where necessary.
- Communicating this policy statement at company induction, and project/contract start-up and following policy changes.
- Communicating this policy to suppliers (as required) and other interested parties.

A handwritten signature in black ink, appearing to read "Mark Perrin".
